

I am a listener of K-LOVE in the community of Shafter. If K-LOVE were to be displaced by an LPFM broadcaster providing another programming it would be devastating to our community. We a lot of listeners of K-LOVE here in our community. The service provided by K-LOVE is saving young and old people in our community. This radio station provide good christian music without commercials and with integrity and morals. My 4 year old son loves listening to K-LOVE as well as my 7 year old son. Please keep K-LOVE in our community.
